## How to eat Hitsumabushi

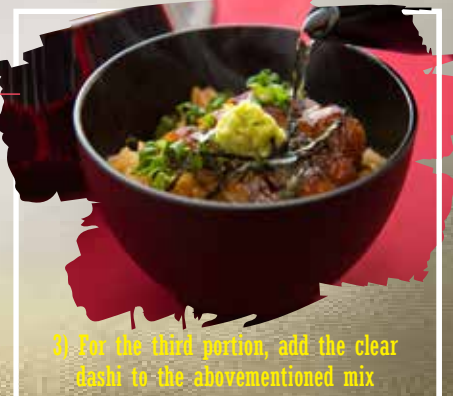

Hitsumabushi is Nagoya's style of enjoying freshwater eel, and there are three ways to enjoy it. First, divide the bowl into four portions.

1) Enjoy the first portion on its own and relish the eel's depth of flavor

2) For the second portion, add nozi (seaweed), wasabi, and green onion to the rice & eel

3) For the third portion, add the clear dashi to the abovementioned mix

For the final portion, enjoy it in whichever way you prefer!
